WHERE LEARNING and CULTURE MEET

FUNCTION ROOM

Located at Golden Point Learning and Cultural Environment (GPlace) this excellent facility is available for community use.

With a separate commercial kitchen, the Function room is suitable for both formal and informal dinners (up to 80 people), meetings and conferences.

COMMERCIAL KITCHEN

A fully equipped commercial kitchen is located adjacent to the Function Room and is available for hire in conjunction with any of the rooms at GPlace.

CLASSROOMS

There are several rooms of varying size available for hire to accommodate smaller meetings, breakaway groups if using the Function room for a conference, or as a classroom. A small computer laboratory is also available.

HOW TO BOOK

Mount Clear College is the first point of contact to determine availability. Complete all details on the Booking Form and return to the College with \$55.00 deposit (made payable to GPlace Inc) to confirm booking.

Arrangements must be made to collect the appropriate keys the working day prior to your usage and on completion must be returned by either dropping in the box provided or in person to Mount Clear College the morning of the next working day.

GOLDEN POINT LEARNING AND CULTURAL ENVIRONMENT Inc

WHERE LEARNING and CULTURE MEET

Located on the site of the former Golden Point Primary School, GPlace is the result of many years of discussion between Mount Clear College, Ballarat Regional Multicultural Council (BRMC) and the Ballarat University of the Third Age (U3A).

The property was purchased by BEST Community Development in 2007, with assistance from the State Government and over the past two years has been repaired and refurbished in keeping with its Heritage listing.

BRMC has its main office located at GPlace and runs many programs and provides support for the multitude of migrant communities in Ballarat. The monthly "Multi-Cultural Tucker" lunches are extremely popular.

U3A has now been able to consolidate many of their 45 classes and activities on to the one site. At any time, visitors may hear the musical sound of recorders, language classes or discussion groups.

Mount Clear College runs classes for its Year 9 REAL group, as well as using the premises for professional development activities and staff meetings. Discussions are currently underway to set up a Confucius Classroom, in conjunction with the Melbourne University Confucius Institute.

The synergies between the three organisations that manage GPlace are very strong. A formal relationship was set up in 2008 with a Memorandum of Understanding and the incorporation of GPlace. Regular meetings are held to ensure the lines of communication remain open and transparent.
